Dr. Bruchalski is the Founder  
and President of Divine Mercy Care  
and the Founder of Tepeyac  
OB/GYN in Fairfax, Virginia.

After a terrible misjudgment in the delivery room, Dr. Bruchalski realized that, with every pregnant woman he attends, there are two patients—the mother and her unborn child. In addition to this discovery, two remarkable spiritual experiences deepened his understanding of the kind of man he had become, and the one he was called to be.

His book is the story of how a physician who practiced abortion came to question the medical status quo and to pioneer an approach to reproductive medicine that respects female fertility, honors the dignity of unborn children, and offers care to patients regardless of their financial situation. Such health care, says Dr. Bruchalski, is merciful medicine, and his talk will give a glimpse of just how merciful the relationship between a doctor and his two patients—mother and child—can be.
